COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

An attempt is being made by the Selectmen, to reactivate the Planning Board. New legislation is being passed each year relative to duties that either a Planning Board or the Board of Selectmen must carry out locally or the State will tell us what must be done. The three major problems, at the present, are solid waste disposal, subdivisions and the new law pertaining to river bank zoning. These are all governed by laws of which we need a clear understanding. There is much information available through various State and Federal agencies, but time has to be devoted to seeking this information and applying it to our situation. With the expense involved, especially the disposal of rubbish, a long range plan is a necessity. We cannot become involved in a trial solution without comprehensive study.

We are being told, by people with experience in this field, the only costs we will have greater than rubbish disposal will be our schools and highways. Within a very short time the appropriations request at town meeting will change from a minor one to one of our major requests.

BRYANT POND TELEPHONE EMPLOYEE HONORED FOR 25 YEARS SERVICE

The Country Way Restaurant in South Paris was the scene on Friday evening of a surprise dinner party given in honor of Robert L. McKee Jr., in recognition of his 25 years of service to the Bryant Pond Telephone Co. Miss Julia Brown and Mr. and Mrs. Rodney McAllister of Bethel joined telephone employees from Norway and Lewiston in witnessing the presentation to Mr. McKee of a 25-year service tie bar and a gold watch by Elden R. Hathaway, owner and manager of the company. He was also the recipient of a specially made cake and a floral arrangement in the form of a money tree. A highlight of the evening was a telephone call to the guest of honor from Miss Susan Hathaway in Australia, congratulating him on his 25th anniversary as an employee of her parents' company. Also attending from Bryant Pond in addition to Mr. and Mrs. Hathaway were Miss Linda Hathaway, Mr. and Mrs. Mike Hathaway, Tom Thurston, Jim Keen, and Mrs. Carroll Farnum. Bryant Pond's afternoon operator for the past 13 years.

UNUSUAL GAME BIRD SHOT IN ALBANY

Brought into the Citizen Office on Tuesday was a small, beautifully marked game bird shot by Albert Kimball in Albany. Mr. Kimball stated he had never seen such a specimen in this locality in his more than 40 years as a hunting and fishing guide.

After being examined by several hunting enthusiasts it was identified as a quail, a species seldom found in this area.

S. A. D. 44 BOARD APPROVES ANDOVER PILOT PROGRAM AT MONDAY SESSION

The board of directors of School Administrative District 44 met at the Woodstock Elementary School on Monday evening of this week.

The board approved the nomination of Charles "Phil" Taylor to coach junior varsity basketball at Telstar Regional High School. Mr. Taylor is also varsity coach and a continued search will be made for another person to handle J. V. duties. To date no other staff member has manifested interest. Miss Sandra Colby was approved as girls' basketball coach at Telstar. She is an instructor at Woodstock Elementary School.

In an attempt to resolve a controversy concerning basketball practice at Telstar, the board decided that the afternoon activity buses should depart no later than 6:30 p. m. for the duration of the basketball season. Problems have arisen as boys' varsity, junior varsity, and girls' basketball, as well as the intramural program are vying for use of the gymnasium surface during after-school hours.

The directors approved the implementation of a pilot program of continuous progress at the Andover Elementary School. The program will involve grades 2 through 5 at the Andover school. Under the system students should be able to move at their own rate of capability in subject matter, not being held back or forced to advance, as a traditional system tends to dictate. As to individualize instruction takes some time, the plan is to phase in one subject at a time. Plans are to have all subjects in these four grades incorporated into the program by June.

Dale Thurston of Bethel, the board's member on the Teacher Administration Liaison Committee, reported on that group's initial meeting held on Oct. 26. He reported that discussion was held on the direction the committee should take and instituted a referral system for problems arising in the scope of other committees. The committee felt that the teachers should include all S. A. D. 44 schools within their representation.

MAINE VOTERS RETAIN INCOME TAX BY 3-1 MARGIN

Maine voters Tuesday refused to repeal their two-year-old state income tax. With 630 of the state's 631 precincts reported late Wednesday the vote was running about 3-1 against repeal. The totals: For repeal, 63,401; against, 190,227.

Approved by a three-to-one margin was a proposal to change the Maine constitution to provide for the governor's term continuing until a successor has taken the oath.

Relieved by three to two margins were proposals to lower the state's constitutional voting age to 18 and pledge the state's credit behind loans to Maine students in higher education.

The balloting lowering the voting age to 18 years of age was a formality as an amendment to the U. S. constitution had already been approved lowering the voting age in all elections to 18 years.

sentation on the panel. Among current problems discussed were expected duties of substitute teachers and a need to improve rank cards.

Supt. Robert J. Gerardi reported that he had received the S. A. D. 44 Education Association's proposals for the 1972-73 negotiations. The Association has requested the first meeting to be held on Tuesday evening, Nov. 9, at 7:30 in the Telstar conference room.

Eddie Snyder of Andover commented on a series of articles on drug use and abuse appearing in the Lewiston Sun. Mr. Snyder requested that Richard McCann, drug counselor at Telstar, be present at a future board meeting to present a progress report on his functions.

Members of the board not present Monday evening were: Leon Akers, Andover; Donald Stecher, Bethel; and Merry Robertson, Telstar Student Council representative.

The next regular meeting of the board will be held at the Locke Mills Elementary School on Monday evening, Nov. 15, at 7:30.

Bethel voters favored retention of the State Income Tax by a 552 to 148 margin in Tuesday balloting.

WINTHROP UPSETS TELSTAR 8-0

Winthrop turned a big break into six points with six minutes to play when quarterback Howard Sylvester carried the ball to paydirt from four yards out. Greg Bellemare rushed the extra point to wrap up the scoring.

The Rebels dominated the game especially during first half action. Telstar four times had the ball inside the Winthrop 10 but failed to produce a score as the tough Winthrop defense held on downs.

With the exception of Winthrop's scoring drive the Ramblers invaded Telstar territory only once, and this drive was halted at the Rebel 33 yard line.

Rex Cummings, Dana Melville and Tim Rosenberg were standouts for the Rebels.

The Rebels will take a 5-2-1 conference record to Mexico Friday night when they play the Pintos in a 7:30 contest. This will be the final contest of the season for the Rebels.

Mrs. Lyle Martin is celebrating her 87th birthday on Nov. 9. Address: Rumford Point, Maine. Members please send cards.

AROUND THE HOUSE

If you take your wash to a laundromat, measure powdered detergent and bleach into two socks... so you needn't tote boxes. Fasten with safety pin or loose knot. Pine needles placed in Fido's doghouse or bed will keep him free of fleas.

Sprinkle talcum between stored hot water bottles and ice bags, to keep them from sticking together.

Do you carry lunch to work? Place a foil-wrapped cheese sandwich by the office radiator, turn at least once during the morning. By noon, presto! — a piping-hot melted cheese sandwich.

A broken knob on a pot lid can be replaced by a large cork attached with a screw from the underside.

GREENWOOD CITY — WEST PARIS

— Mrs. Colista Morgan, Corres. —

One afternoon I started out with the intention of just a walk down the road, but as I neared the Diamond Ledge trail the cool brown carpet of the forest invited me in. So I left the main road and followed the trail for a few moments. Then I turned left to enter the silent depth of the forest.

A few crimson and gold leaves by a large rock still held fast to the trees there but most were at rest under my feet. The breeze twisted others like banners for the mountain side was etched with sun-scattered oaks against a turquoise sky.

The air was warm for late October and I sat to rest and listen to the sighing of the hemlocks and to smell the balsam incense. A few cedars let down their flat sprays of foliage. I felt commanded to silence by the lordly oaks that crowded close on the hillside above me and stretched away, up and up. These rooted giants ruled the place, and silence, and stillness seemed their law.

Behind me there was a rustling in the leaves and I turned to see "Chippy" hunting acorns. He was so busy scratching that he paid no attention to me. As he moved on with pouches full I also set out again.

In a few minutes I came to a very rocky ravine which I'm sure should be called Rock Fern Gully for there was a fern on, or by, each of a jumble of rocks and many, many between. The carpet of mosses above the rolling wood and on the stones seemed fitting in the surly-like sigh of the canopy overhead. How secret and profound these woods.

Beyond I crossed a lovely little stream clattering and bright as it dashed down-ward. My gypsy heart enjoyed it for some time while it sang its song competing with the swaying trees.

Soon the beauty ended on my mountain trail for I reached a section of criss-cross logging roads and slaughtered trees. What a contrast to the beauty I had just left! No lingering here! I went higher up and entered again the thick growth.

There were breathless moments again as I stood on the hillside and looked across the valley. Even this late there was a touch of pastel cityons among the trees.

The pines and heaven, met the mountains, purple shadowed on this autumn day. The hemlocks, too.

green forever were on those slopes where the scarred rocks frowned.

After more than two hours of wandering I discovered I had arrived near the top of the hill above my home. I came upon an old, old tree with five large toadstools all higher than I could reach and a few at the base; these were different. I wished to get the large ones for the artists of the family for they paint lovely things. I had to mark the spot mentally for in another half hour I was home. I can still see them on that old beech that once stood in such noble independence and now had a friendly partnership with these toadstools quaintly snuggled there. I suppose we cannot call these toadstools and fungi good or bad for when speaking about Nature we can't tell, so vast and shining is the web of life, changed at a touch, yet enduring forever.

MAGALLOWAY

— Mrs. Beale Harvey, Correspondent —
Harold McGinley is expected to
come home from the Hanover Hos-
pital either Tuesday or Wednesday.
He is not very well.

My grandson, Frederick Abbott,
and family were here Sunday. They
plan to leave Friday night for Vas-
sboro for a week's hunting. Their
new white poodle puppy is very
cute.

A Grange meeting was held at
the Carl Littlehale home last Wed-
nesday evening and the officers
were installed.

A school dance was held at the
Wilson's Mills Grange Hall Satur-
day evening. The children are work-
ing hard to get money for musical
instruments.

Russell Bennett was working at
his cabin Saturday and Sunday.
Bruce McGinley, his uncle Roger
Dickey and two boys were at the
McGinley home here over the week
end. Each boy had a minibike so it
was quite noisy around here.

A Halloween party was also held
at Wilson's Mills Saturday evening.
Kimberly Vaughn won first prize
for the best costume. She was dress-

ed as a black cat with pink ears
and a very long tail.

There were only a few "trick or
treaters" around on Sunday even-
ing. They had very nice costumes.
One old witch was very horrible.

Mrs. Stella McCauley of Port-
land, Mrs. Ethel Hirst of Odsfield
and Guy Scribner also of Odsfield
called on Mrs. Helen Hart, Sunday.

Three deer are coming here pick-
ing up apples by the porch. Sun-
day while I was watching a spike-
horn buck eating raspberry leaves
back of the kitchen window, two
horns came in and said another deer
was eating apples by the store and
last night a skunk was eating in
the cats dish on the porch right
beside of me.

Mrs. Bertha West was at her
trailer several days last week. She
is not very well lately.

Gerhard Behrend of Watertown,
Mass., is working building a founda-
tion for his trailer.

LETTER TO THE EDITOR

To the Fans of Teletar:

What a great group of fans we
have in SAD 44. We cheer for victory
and hold our heads high when our
boys win a game. But what do we
do when they play hard and lose.

We stand there and yell at the boys
and their coach for their stupid mis-
takes. We give cutting remarks ab-
out how the game should have been
played, that's great for our oppo-
nent what does it do for their's.

If you think that your feelings
were hurt when we lost, take a lit-
tle time to think about our boys
and our coach. How do you think
they feel?

It was disgusting to hear the com-
ments from the stands last Satur-
day. Who are we to mouth off at
the team, they are the ones who work
their guts out to give our school a
name.

If we have so many great foot-
ball fans in our district, why aren't
they down on the field to help coach
the boys at practices.

We were the first to bring about
being No. 1 but we were never No.
1. The team was. Why aren't we
still bragging about our boys, is it
because they lost a couple of games
and if it is where is our sportsman-
ship, aren't we still proud of them,
they are our boys.

The boys have to take the bad
with the good and have the courage
to keep fighting. Why can't we do
this? If the table was turned and
we were on the field, could we do
any better?

We have a great team and coach-
es, for this we can be proud. So I
hope when they go to Mexico, they
will receive as much praise and en-
thusiasm at the end of the game
(win or lose) as they will at the
beginning.

I also hope at the end of the sea-
son we'll all extend our thanks to
coach Dick Collins and Tim La-
Vallee, because they do more than
help the boys learn how to play
the game, they also help in the
building of character and sports-
manship which is so vital to their
growing years. These boys spend
several hours a day, then we do with
the boys and they deserve a lot of
thanks.

So Dick and Tim thank you for all
the encouragement and help you've
given.

EDITOR, SIR:

Please open your column to this
letter to beautiful Bethel.

"Beautiful Bethel" we were say-
ing, "the fall color is off the trees,
and we see it in the shape of gor-
geous carpets in bronze, and gold and
scarlet on the ground! How good
that there aren't any bushes who
take this beauty away!"

Suddenly there appears a notice
in one of our Maine newspapers ab-
out a public spirited community
where citizens were urged to give
of their time and energy and take
all this gorgeous beauty into the
gutter; then a huge sucking gadget,
provided by the city, comes and
sucks the stuff in, brings it to a
specially provided compost pile, then
in the spring the citizens come and
help themselves and log the stuff
back on their lawns, and flowerbeds
as fertilizers!

How much wiser is dear Bethel
to spare themselves all these double
efforts, and the city the expense,
to leave it right there and let it
work for us under the snow for six
months and our lawns grow lush
and rich in only we also save our
energies and do not overwork them
in the summer!

Beauty is mostly economy!
Broadway Y. Noz

Even my brothers and the rest of
the team. For the interest you have
displayed to them, they repay you
with respect and love and will do
their best not to let you down.

Good luck in the game with Mex-
ico boys. I'm sure you'll do your
best.

COUNCIL COMMENTS

The Student Council Public Relations Committee entertained five members from the Leavitt High School Student Council last Wednesday. The Leavitt students had a tour of the building, lunch, and then attended our Council meeting. They were very impressed with the way our school operates and left with many possible solutions to the problems their school is experiencing.

Last Thursday, Telstar hosted the first Pi-Cone Math League meet of this year with six schools participating. Rumford won the competition with Telstar finishing fourth. The next meet will be in about two weeks at Lakes Region High. The Telstar team with coaches Mr. and Mrs. Applin have great expectations.

Friday night the Library Club sponsored their annual Halloween dance. The group, "Jon-Robertson" provided the music for a fairly successful turnout.

Saturday seemed to start out a little disappointing, for Windthrop's football team came and beat us in a tough battle 8-0. Hopes are running high for first night game this Friday night at Mexico. The Mexico game will finish up our season which has turned out to be an exceptional one.

Saturday night many of us were dazzled by a professional comedy basketball team, the Harlem Diplomats. Not only did the Diplomats amaze us but the 8th grade team proceeded to beat both the 9th grade and last year's Girls varsity team. The Diplomats were also impressed for they presented the 8th grade team with a trophy.

On Wednesday, Nov. 10, a trio from the theater at Monmouth will present two parts from Shakespeare's Henry IV. This group is sponsored by The Maine Committee on Arts and Humanities and will be presented to the student body in the auditorium at 1:00 p. m. The event was made possible by the Student Council.

The G. A. A. would like it to be known that anyone having old repairable toys is asked to please deposit them in barrels that will be provided in different locations around the S. A. D. 41 District. The toys will be used for G. A. A.'s annual "Toys for Tots" drive. — Betsy Stowell.
